

Pre-Application
Deadline Extended to
December 31, 2019

KL2 Junior Faculty Scholars Program RFA

WHAT: Georgetown-Howard Universities Center for Clinical and Translational Science (GHUCCTS) is now accepting applications for its KL2 Junior Faculty Scholars Program. Projects that are novel, inter- or multi-disciplinary and collaborative will be favored. The KL2 scholars will be awarded up to **\$90,000 salary support** and **\$40,000 project support** per year (for up to three years)

WHO: Junior Faculty with a full-time or equivalent appointment at a GHUCCTS institution (Georgetown University, Howard University, or MedStar Health) at the time of award activation. Scholars must **devote 75% effort to the program for three years**; scholars must be US Citizens, Non-citizen Nationals, or Permanent Residents. Individuals who were, or currently are Principal Investigator of NIH R01, P01 or P50 subprojects, or individual K (e.g., K01, K08, K22, K23) grant ARE NOT eligible; current/former PIs of non-NIH peer reviewed research grants >\$100k annual direct costs are ineligible.
