

Live Virtual Event Hosted by: **GHUCCTS In  
the (Virtual) Community**

# HIV Awareness: World AIDS Day

## Understanding HIV Pre-exposure and Preventive Measures in Cis-gender Women & the Importance of Clinical Trial Randomization

Please join us for an important discussion in recognition of World AIDS Day. Our virtual event will feature a presentation by Rachel K. Scott, MD, MPH, an HIV and Women's Health specialist, on HIV Prevention and Pre-Exposure Prophylaxis (PrEP) for Cisgender Women. We will also discuss clinical trial randomization, and its importance in conducting research

## December 14th, 2021 at 6pm

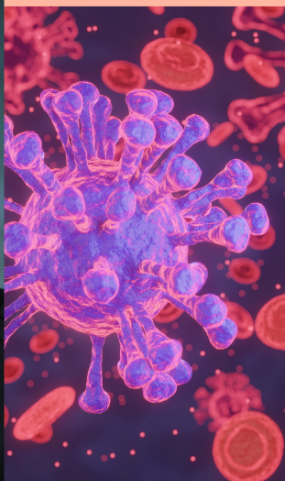

**Speaker:**

**Rachel Scott, MD, MPH**

**Moderator:**
