

# Georgetown-Howard Universities Center for Clinical and Translational Science

## Find out about the TL1 Translational Biomedical Science Program

### Goal:

- Prepare trainees to serve as the critical link in advancing the translation of basic science into improved outcomes for health, aging and disease.

### Looking for:

- Predoctoral students who have completed their qualifying exams in PhD programs at Georgetown or Howard Universities
- Postdoctoral fellows whose primary appointment is at Georgetown or Howard Universities, MedStar Health Research Institute, or the Washington DC VAMC

### Learn more about our program by attending one of our online info sessions:

- Wednesday, March 11th at 3 pm
- Tuesday, March 17th at 10 am
- Monday, March 23rd at 4 pm

Registration for Informational Sessions: <https://forms.gle/9C6UAmrSX45fuWrX8>

### Application Deadlines:

- Optional Interest Form: April 1, 2020
- Final Application: June 30, 2020
