

MENTOR TRAINING FOR BASIC, CLINICAL & TRANSLATIONAL RESEARCHERS

SPRING WORKSHOP SERIES

SERIES I: MAY 4-7 | SERIES II: MAY 10-14

The Entering Mentoring seminar, developed by the Wisconsin Program for Scientific Teaching at the University of Wisconsin - Madison, engages research mentors in activities that develop effective mentoring practices. This workshop is an adaptation of that original curriculum for clinical and translational researchers.

These FREE workshops is intended for the mentors of biomedical researchers across career stages, including undergraduates, graduate and medical students, postdocs, and junior faculty colleagues..

Space is limited.

Discussion Topics

- Maintaining Effective Communication
