

2025 Responsible Conduct of Research GHUCCTS Workshop Syllabus

Workshop Series Coordinators:

Dr. Kathryn Sandberg
Director, Translational Biomedical Science Training
Program
Co-Director, KL2 Scholars Program
sandberg@georgetown.edu

Dr. Jason Umans
Director, KL2 Scholars Program
Co-Director, Translational Biomedical Science Training
Program
jgu@georgetown.edu

Dr. Dexter Lee
Co-Director, Translational Biomedical Science Training
Program
dllee@howard.edu

Goal:

To provide face-to-face training for predoctoral students, postdoctoral fellows and early career investigators in the responsible conduct of research in order to promote ethical, rigorous and reproducible science. The following in person series dovetails to required CITI modules and provides an opportunity for investigators to discuss all aspects of these topics with an expert in the field. This series also fulfills the requirements of multiple funding agencies.

Tracking of your RCR Education

Participation in these sessions will be tracked and you will receive a certification of attendance for individual sessions. Certification, however, will not be provided if you are late or leave early.

Workshop Location

Workshops are held via Zoom on Thursdays from 5:30-7:30 PM. You will be notified by email the week before with the link to the Zoom session. Please make yourself comfortable with using Zoom beforehand.

Requirements

To receive full credit for the session, you need to attend on time and stay for the entire time. You will need to participate fully. Meaning your camera is on and you are actively participating in the discussions. You will also need to complete the **RCR course, Good Laboratory Practice (GLP) and Good Clinical Practice Course (US FDA Focus), HIPAA and Human Subjects** on [CITI Program](#).

Date	<u>Responsible Conduct of Research Topic</u>
Jan 23, 2025 5:30-7:30pm	<p style="text-align: center;">RCR: Community Engagement / Social Responsibility Carla Williams, PhD Associate Professor of Medicine & Public Health Howard University</p>
April 24, 2025 5:30-7:30pm	<p style="text-align: center;">RCR: Research Misconduct Data Management and Storage (Dos and Don'ts) / Data Privacy and Verification</p> <p style="text-align: center;">Adil Alaoui MBA Director of Health IT & Operations, GHUCCTS Georgetown University</p>
May 8, 2025 5:30-7:30 pm	<p style="text-align: center;">RCR: Authorship and Publication (Journal Selection and Responding to Reviewers)</p> <p style="text-align: center;">Heddwen Brooks, PhD Professor and Chair, Department of Physiology Tulane University</p>
May 22, 2025 5:30-7:30 pm	<p style="text-align: center;">RCR: Research Integrity / Research Misconduct</p> <p style="text-align: center;">Sholto David, PhD Analytical Scientist</p>
May 29, 2025 5:30-7:30pm	<p style="text-align: center;">RCR: POV Scientists as Responsible Members of Society</p> <p style="text-align: center;">Bob Speth PhD, FAAAS, FAHA Professor of Pharmaceutical Sciences NOVA Southeastern University</p>
