

American Cancer Society Extramural Research & Training Grants Workshop

Together, we're attacking
cancer from every angle.

Lombardi Comprehensive
Cancer Center
Georgetown University
Medical Center

Zoom Webinar

November 16, 2020
1:00—2:30pm

Please join **Susanna Greer, PH.D., Scientific Director, Clinical Cancer Research and Immunology** as she discusses American Cancer Society grant opportunities and grantsmanship tips.

The American Cancer Society awards research grants and fellowships to promising scientists early in their careers who have unique hypotheses for cancer prevention and study, fostering the next generation of cancer research and creating a strong foundation of preliminary evidence to make scientific advancements.

The Society also sponsors grants that support training for health professionals seeking to develop their clinical expertise and/or their ability to conduct independent research.

Workshop Objectives:

- Provide overview of American Cancer Society funded grants and research
- Provide “Insider Tips” for a successful application process
- Understand how grants will be evaluated
- Understand success rates in future funding
- Understand online resources

Who Should Attend:

- Junior Faculty
- Residents/Trainees
- Post-Doctoral Fellows
- Graduate Students
- Administrators

Registration:

All attendees must pre-register at:

https://georgetown.zoom.us/webinar/register/WN_asAUQooATZ2CQoTwxjLOBQ

Please pre-register by November 9, 2020 at 5:00 pm EST

The URL link will be provided to virtual participants via the registration confirmation email.
