

# MHRI-GHUCCTS Monthly Statistical Seminar Series 2020-2021

Friday March 19, 2021  
12 - 1 PM EST | Online

## Propensity Score Analysis of Non-randomized Studies

**Paul Kolm, PhD**

Associate Director, Department of Biostatistics and  
Biomedical Informatics, MedStar Health Research Institute

A randomized clinical trial is the gold standard of research designs, but many studies are not randomized and cannot be analyzed in the same way as a randomized study. In this webinar, we will examine the use of propensity scores to mitigate, at least to some degree, selection bias in non-randomized studies.
