

Live Virtual Event Hosted by: **GHUCCTS In the (Virtual) Community**

NAT'L ALZHEIMER'S DISEASE AWARENESS MONTH

How to Keep your Aging Brain Healthy and How Participants are Protected in Research Studies

Please join us for a discussion on Alzheimer's disease during this important Alzheimer's Awareness Month. Our cognitive disease expert from Georgetown University, Raymond S. Turner, MD, will share tools and techniques on how to maintain a healthy brain as we age. We will also discuss the importance of the institutional review board (IRB) when it comes to participant protection in research studies.

November 23rd, 2021 at 6pm

Guest Speaker:

R. Scott Turner, MD, PhD

Moderator:

Jane Otado, PhD
